# STOP THE SPREAD

Invasive plants and animals harm the environment and block waterways. They can be small and hard to spot so are easily spread on damp clothing and equipment.

# Protect the environment you enjoy:

## CHECK

**Check** your equipment, boat, and clothing after leaving the water for mud, aquatic animals or plant material. Remove anything you find and leave it at the site.

## CLEAN

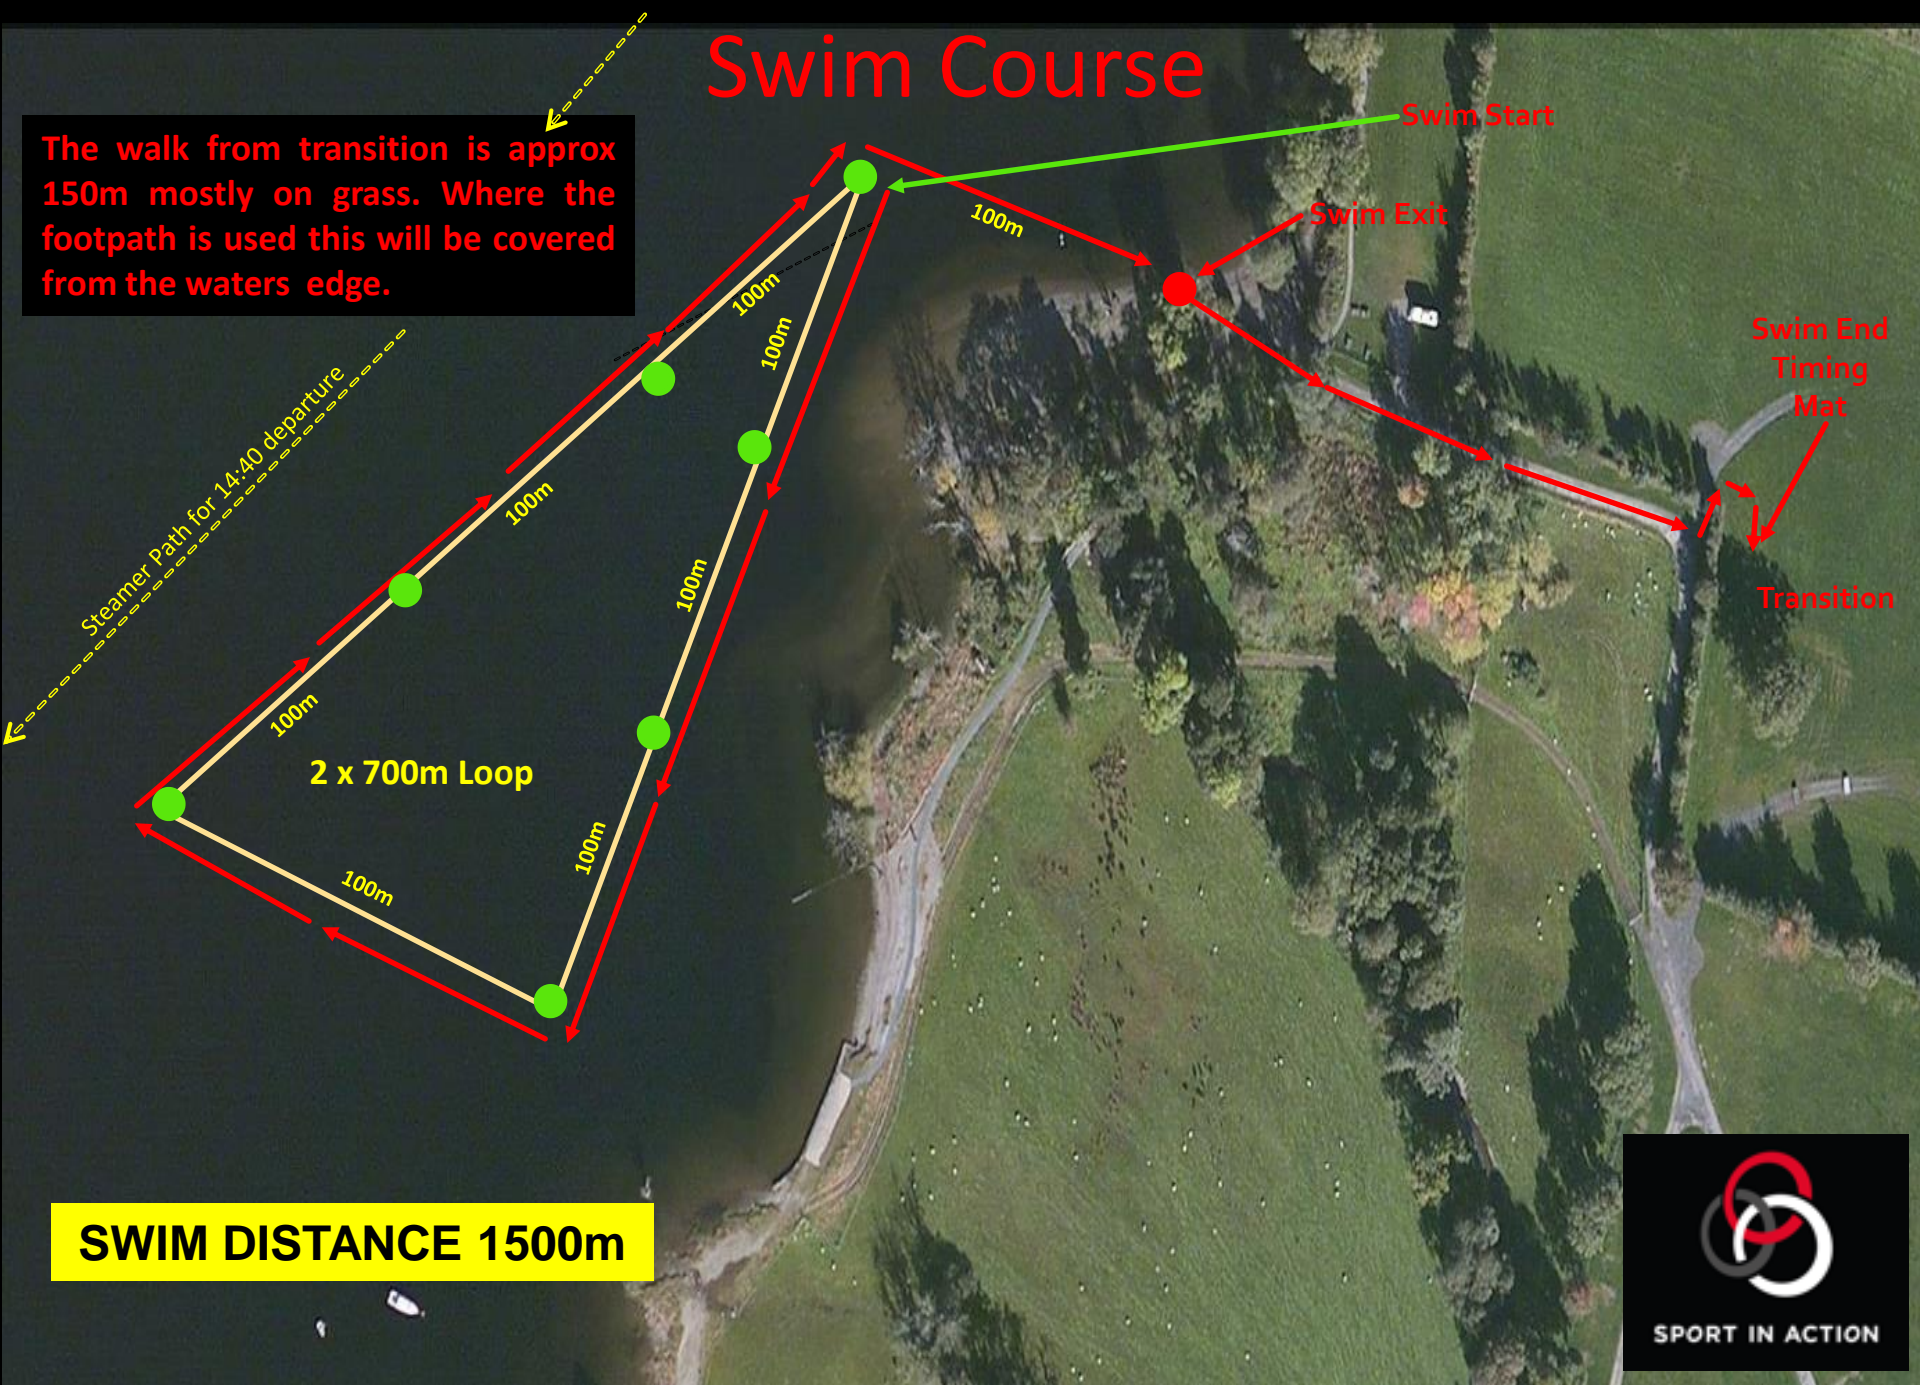

**Clean** everything thoroughly as soon as you can, paying attention to areas that are damp or hard to access. Use hot water if possible.

## DRY

**Dry** everything for as long as you can before using elsewhere as some invasive plants and animals can survive for over two weeks in damp conditions.

# Swim Course

The walk from transition is approx 150m mostly on grass. Where the footpath is used this will be covered from the waters edge.

# Safety Info

## Swim

Wetsuits are compulsory.

If you get into difficulty, stay calm, relax lay on your back and raise your arm in the air. A kayaker will come to your assistance. Listen to their advice. It is virtually impossible to sink in a wetsuit!!

Ensure you wear the allocated swim cap, it is brightly coloured and has your race number on.

Competitors are asked to be careful on entry and exit from the lake, there is a wire fence to the left on entry and right on exit. It will be marked but please take care to avoid.

## Bike

The cycle course is all on public highways so you must obey the Highway Code. Marshals will not and cannot stop traffic.

The course includes 3 right turns. Mainly from minor road to minor road, you must still give way.

One right turn is on the busier Tirril to Yanwath road onto a quiet country road. This will be well signed for motorists BUT you must ensure you check before moving to centre of road and give way to approaching traffic.

## Run

The run course is multi laps on grass, lakeside paths and public highways. Please be mindful of other users on the section that goes along the lakeside and through Waterside campsite. Extra care should be taken when leaving Waterside campsite and joining the country road that takes you back towards the event field. Please keep to the left while running on the public highway.

**First aid cover will be in force for the entire event and a medical cover will be on the course throughout the day. All event staff will be able to summon assistance at short notice.**

**Good luck with your training and we look forward  
to seeing you on Saturday July 10<sup>th</sup>.**

**Best regards - Sport in Action**
